(d) Yarn delivered by a manufacturer on bobbins or in any other form will not be charged anything higher than the ceiling price or ex-mill price whichever is lower.

7. Mills who obtain not less than 75 per cent of their motive power by burning coal and/or fuel oil in their boilers will be permitted to increase the above prices of grey yarn by 2½ per cent as compensatory coal and/or fuel oil allowance rounding off the final price to the nearest half anna.

8. *Packing.*—The above yarn prices are inclusive of charges for standard make up and packing, in securely packed bales as under, starting from the innermost layer.

One layer of paper, kraft, wrapping (inner) or fents.
One layer of light hessian, fents or chatai (palm leaf matting).
One layer of paper, packing, waterproof, or one layer of Alkathene film.
One layer of tarpaulin (only during monsoon months, *i.e.*, April to August).
One layer of heavy or medium hessian (outer).

NOTE.—(i) Where tarpaulin is not readily available an additional layer of waterproof paper can be used.
(ii) Instead of two layers, one of light hessian, fents or chatai or Palm Leaf matting and the other of waterproof packing paper or Alkathene film, a single layer of hessian lined with Alkathene may be used.

Circular dated 8th April 1952.

No. 151-160. The attention of composite Mills and Spinning Mills in Mysore State is invited to the recent decision of the Government of India permitting composite mills to sell fine, super-fine, cloth along with 50 per cent of medium and coarse cloth to dealers of their choice after offering 50 per cent medium and coarse cloth for controlled distribution and permitting Spinning Mills to sell lapsed yarn bales to the dealers of their choice as a measure of relaxation of the present distribution Controls. As a result of this relaxation, the local mills are likely to sell cloth and yarn to the dealers of their own choice within the State, as well as outside the State out of free sale quota accruing to them.

With a view to regulate the collection of centage and procurers' margin, if any, and to avoid possible confusion that would arise in case the centage and procurers' margin, if any, is collected from the dealers, the following procedure is suggested to local mills regarding collection of the above from one source only :—

SALE OF CLOTH* TO NOMINEES.

1. The Local Mills are requested to collect ½ per cent centage on the ex-mill value of cloth* sold and delivered to the Nominees either under allotment or under free sale and remit the same to the Treasury under the head of account 'LI. Extra-ordinary Receipts (b) Other items—Centage on cloth.'

SALE OF CLOTH*, TO WHOLESALE DEALERS.

Where mill cloth* is sold to wholesale dealers under allotment or out of free sale quota they are requested to collect in all ½ per cent centage *plus* 1½ per cent Procurer's margin and remit the same to the head of account 'LI—Extra-ordinary Receipts (b) Other items—Centage on cloth.'

SALE OF MILL CLOTH* DIRECT TO DEALERS WHO HAVE THEIR PLACE OF BUSINESS OUTSIDE MYSORE STATE.

Where cloth* is sold by the local Mills to licensed dealers outside the State under Free-sale, centage or procurer's margin need not be recovered.

YARN.

In the case of yarn, the mills are required to collect ½ per cent centage calculated on the ex-mill value of the yarn sold to the wholesale dealers or to consumers in Mysore State, either under allotment or under free sale, and remit the same to Government to the head of account 'LI—Extraordinary Receipts (b) Other items—Centage on yarn'. Centage need not be collected on yarn sold by the mills directly to licensed dealers or parties outside the State.

The mills are requested to give effect to the above arrangements both in respect of cloth* and yarn sold under allotment as well as under free sale from 1st April 1952.

In the first week of each succeeding month, a statement showing the following details together with the original treasury chellan for having remitted the centage and/or Procurer's margin, if any, collected during the previous month may be sent to the Financial Assistant of the Department to watch the collection of centage and Procurer's margin, if any, due from each mill, both in respect of allotted goods and in respect of goods sold under free sale.
